Dear Glen,

### **Essential Energy Contractor Prequalification Scheme Acceptance to Scheme**

Thank you for your submission for acceptance to Essential Energy's contractor pre-qualification scheme and acceptance of the scheme conditions.

Your submission has been assessed as compliant, and you are now pre-qualified for the following work categories and assigned a pre-qualification reference number for your records:

- Distribution Substation Construction (DSC-0023)
- Distribution Overhead Construction (DSC-0023)
- Distribution Underground Construction (DSC-0023)
- Pad Mounted Substation Construction (PSC-0023)
- Overhead Transmission Construction (OTC-0023)
- Underground Transmission Construction (UTC-0023)
- Asset Management & Minor Works – Pole Inspection & Treatment (PIT-0023)
- Asset Management & Minor Works – Street Light Maintenance (SLM-0023)
- Asset Management & Minor Works – Trenching and Underboring (TAU-0023)
- Asset Management and Minor Works - Fleet Maintenance (FM-0023)
- Asset Management and Minor Works - Trade Services (TS-0023)
- Asset Management & Minor Works – Electrical Contractor (TSE-0023)

For future tender submissions to Essential Energy, please quote the relevant pre-qualification reference number where requested. The tender package will detail any areas that do not require a response for pre-qualified contractors. In your tender submissions you will be required to accept project specific terms and commit to the adherence to the Essential Energy Operational Procedure – Electrical Safety Rules CEOP8030.

The pre-qualification requires you to update insurances and other material information every 12 months or during a tender submission. Failure to supply updated information will result in temporary suspension. An Essential Energy Commercial Support Officer or a representative from GHD may contact you during the pre-qualified period to request any relevant information to maintain the pre-qualification register records.

If you have any questions regarding the pre-qualification scheme, contact details for the pre-qualification scheme administrator Allison Cameron on 02 6588 4810.

Yours Sincerely,
